

PEBWORTH PARISH COUNCIL RETENTION OF DOCUMENTS & RECORDS MANAGEMENT POLICY

Document Control	
Minute Number	Feb 24 17e
Adopted on	6.2.23
Review Date	Feb 2025

Pebworth Parish Council recognises that the efficient management of its records is necessary to comply with its legal and regulatory obligations and to contribute to the effective overall management of the Parish Council. This document provides the policy framework through which this effective management can be achieved and audited. It covers:

- Scope
- Responsibilities
- Retention Schedule

Scope of the Policy

This policy applies to all records created, received or maintained by the Parish Council in the course of carrying out its functions. Records are defined as all those documents which facilitate the business carried out by the Parish Council and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.

A small percentage of the Parish Council's records will be selected for permanent preservation as part of the Council's archives and for historical research.

Responsibilities

The Parish Council has a corporate responsibility to maintain its records and record management systems in accordance with the regulatory environment. The person with overall responsibility for this policy is the Clerk.

The responsible personnel will give guidance for good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and timely.

Individual employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of in accordance with the Parish Council's records management guidelines.

Retention Schedule

Under the Freedom of Information Act 2000, the Parish Council is required to maintain a retention schedule listing the record series which it creates in the course of its business. The retention schedule lays down the length of time which the record needs to be retained and the action which should be taken when it is of no further administrative use.

Individual employees are expected to manage the current record keeping system using the retention schedule taking account of the different retention periods when creating new record keeping systems.

The retention schedule refers to record series regardless of the media in which they are stored.

Document	Minimum Retention Period	Reason	Disposal
Signed minutes of council meetings (Hard copy)	Indefinite	Archive	Original signed paper copies of Council minutes must be kept indefinitely in safe storage. Ideally at regular intervals they should be archived and deposited with Higher Authority, if available.
