

10d. Petanque Court

Thank you for your email and yes the Pétanque terrain is up and running, but not totally finished.

The surface needs compacting after some rain and some grass seed needs applying to the made up soil. This will be done just as soon as possible depending on rainfall but I will see it is done.

It has been played on a few times and will continue to attract players now that the new people have taken over the Masons Arms.

I need to return to the council meeting to discuss the fitting of a new gate next to the bus shelter. I have also seen the new county councillor Hannah, who will support us in the addition of some furniture and sets of pétanque balls. This I will run by the parish council to get their support, before any purchases take place.

We must then have an official opening date to be arranged, by the PC .
