Internal Auditors assessment for the completion of the AGAR Part 3 – Financial Year 2024-25

1. Introduction

I have concluded the Council's annual independent internal audit. I am therefore able to complete the Annual Internal Audit Report (AIAR) 2024-25 which forms part of the Annual Governance and Accountability Return (AGAR).

My internal audit considers the evidence available to assess if the Council has effective systems and control arrangements in place for the areas examined. In examining these arrangements focus has been placed on compliance with a number of the Council's key governance 'rules', its management of risk, and its financial controls. Consideration is given to the size and scope of activities undertaken by the Council.

The internal audit is undertaken during the financial year in order to review and test the systems and controls operating during that year. The internal audit report details the findings at the time of the internal audit review. For the year-end financial statements, a cursory inspection is carried out to verify there are no significant financial management or control matters that may impact on the AIAR assessments made at the time of the internal audit review. The internal audit should inform, it is not designed to offer assurance over the completion of the AGAR sections 1 & 2, responsibility for the accuracy of these submissions' rests with the Council.

The internal audit is not designed to identify all weaknesses in the Parish Council's systems but, it is a sample examination of systems and of testing those systems and controls. Where weaknesses are identified during the internal audit process, which impact on governance and internal control, recommendations are made.

The responsibility for the prevention and detection of fraud, error and non-compliance with the law or regulations rests with the Council. The internal audit should not be relied upon to disclose all material mis-statements or frauds, errors, or instances of non-compliance, as may exist.

As the Councils appointed internal auditor, I confirm that I am independent of the Council.

2. Summary

In the section below I have recorded my AIAR responses and offered some comments by way of explanation for these. Members need to be mindful that this assessment is of systems and control during 2024/25 to the time of the audit review.

During the internal audit review no significant control issues or non-compliances have been identified that prevents a positive response to each of the areas covered by the AIAR. No control recommendations have been made.
